

Ideal Residences New England

Window Treatments

For added privacy, light filtering & blocking and energy saving

- **Cellular Shades:** designed for unsurpassed energy savings all year. Their insulating honeycomb design paired with our all-new premium fabrics create a high-performance shade for every space and every style.
- **Roller Shades:** offer the same fabric in different opacities—from sheer to blackout—you can find the right privacy level for each room.
- **Vertical Blinds:** Durable, easy to operate, and available in a wide range of colors and materials, Vertical Blinds are a cost-effective solution for reliable light control on your wide windows and patio doors.
